

PICK ONE

OPTION A • POINT TO POINT

Highline Trail → The Loop

11.8 mi **1,000 ft** **2,300 ft** **6–8 hr**
ONE WAY UP DOWN MOVING

Ledge traverse under the Garden Wall to Granite Park Chalet, then a long knee-heavy descent to The Loop. **You do not come back to Logan Pass** — the shuttle is what makes this work.

OPTION B • OUT & BACK

Hidden Lake Overlook

2.7 mi **550 ft** **1½–2 hr**
ROUND TRIP GAIN MOVING

Boardwalk and stairs straight from the visitor center. Returns to Logan Pass, so you ride back from where you started.

GETTING THERE & BACK

- 1 Park at Apgar Visitor Center.** The car stays here all day.
- 2 Bus from Apgar** — board the free park shuttle, **transfer at Avalanche Creek** to the east-side bus.
- 3 Shuttle up to Logan Pass.** Both hikes start at the visitor center.
- 4 Shuttle back to the car** — from **The Loop** after Option A, or from **Logan Pass** after Option B. Transfer again at Avalanche.

The last bus is the whole plan. Option A only works if you are down at The Loop before the final westbound shuttle — check the day's last-departure time before you start, and turn around at the chalet if you are behind. Snow can keep the Highline closed into July; confirm it is open.
