TWO GROUPS

SUMMIT GROUP · POINT TO POINT

Highline Trail → The Loop

11.8 mi **1,000 ft** **2,300 ft** **6–8 hr**
 ONE WAY UP DOWN MOVING

A ledge trail under the Garden Wall to Granite Park Chalet, then 4.2 mi of steady downhill to The Loop. **It does not return to Logan Pass**, so this group rides the shuttle back from The Loop.

LAKES GROUP · OUT & BACK

Hidden Lake Overlook

2.7 mi **550 ft** **1½–2 hr**
 ROUND TRIP GAIN MOVING

Boardwalk and stairs from the visitor center. It comes back to Logan Pass, so this group catches the bus where they got off.

GETTING THERE & BACK

- 1 Park at Apgar Visitor Center.** The car stays here all day.
- 2 Bus from Apgar** on the free park shuttle. **Transfer at Avalanche Creek** to the east-side bus.
- 3 Shuttle up to Logan Pass.** Both groups start at the visitor center and split there.
- 4 Shuttle back to the car.** The summit group picks it up at **The Loop**, the lakes group at **Logan Pass**. Transfer again at Avalanche.

We should be long gone by then, but the **last bus out of The Loop** is at **7:30 pm**. If the summit group is running behind, Granite Park Chalet is the place to turn around.
